

*Lord of the Fated*

*They were the Clan that was not.*

*Their name has been forgotten:*

*Their hero tales shall never be told again.*

*Only one of them shall be remembered.*

*Only one was worthy.*

*Bran*

## *Lord of Sorrow*

*His magnificence, his splendour, his beauty and his grace,  
all these things he has in abundance,  
but cares for them he does not.*

*He is the one who must watch over the lost, the sorrowful  
and those who have given up on life itself.*

*He the pale one who must care for them for eternity, he is Lord  
of Sorrow.*

*Mider*
